---

Brewed in tradition of English-style barley wines, Cereal Killer offers an explosion of full-bodied, liquid goodness. Robust malty flavors converge with caramel, toffee, molasses and dark fruit notes to produce a remarkably complex yet palate-pleasing beer. Its intense malt character is complemented by a subtle citrus finish from the hops. With cellar-aging Cereal Killer's flavor evolves further, developing a sherry-like aroma and flavor similar to a cask-aged port. Winner of the Gold Medal for Wood and Barrel-Aged Strong Beers at 2009 GABF.
