The Rochester Mills Beer Co. opened in 1998 in Downtown Rochester. Located in the historic Western Knitting Mill, the brewery is located on Water Street, just two blocks east of Main Street. Preserving the original character of the building, the brewery features original hardwood floors, columns, beams and exposed brick walls. The menu features a broad selection of eclectic American cuisine, all prepared with the freshest ingredients. From delectable appetizers, fresh salads, pizzas and pastas to delicious entrees and unique sandwiches, the menu has something for everyone and a kids menu is available. Special amenities include an outdoor patio, pool tables, Greenhorn Music Night every Thursday starting at 9pm, and live entertainment every Friday, and Saturday nights starting at 10pm. The Martini Lounge is available for private parties.
